Aquarion Water Company Completes Purchase of Water Systems in Suffield and Mansfield, Connecticut

Connecticut's top-rated water company adds customers and expands service territory

BRIDGEPORT, CONN. – April 21, 2014 – Aquarion Water Company today announced the completion of the purchase of two water systems located in Suffield and Mansfield, Connecticut. This most recent expansion of Aquarion's service territory reflects the company's goal of improving the availability and quality of water in communities throughout the state.

“We are pleased to welcome Suffield and Mansfield customers and we look forward to providing them with safe, quality, reliable water service for years to come,” said Charles V. Firlotte, Aquarion President and CEO.

The West Suffield system, formerly owned by West Service Corporation, serves 652 customers in the Mountain Road area of West Suffield, Connecticut. The Mansfield system, formerly owned by REJA Acquisition Corp., serves 152 customers at the Valley View Mobile Home Park off Route 32 in Mansfield, Connecticut.

“Customers in Suffield and Mansfield can expect high quality water and efficient service from Aquarion,” said John Wittenzellner, President of West Service Corporation and REJA Acquisition Corp. “The company has an outstanding reputation and an excellent track record for customer service.”

With the integration of these two water systems into its portfolio, Aquarion now serves 49 cities and towns throughout the state.

About Aquarion Water Company:

Aquarion Water Company is the public water supply company for more than 625,000 people in 49 cities and towns throughout Connecticut, as well as serving customers in Massachusetts and

New Hampshire. It is the largest investor-owned water utility in New England and among the seven largest in the U.S. Based in Bridgeport, Conn., it has been in the public water supply business since 1857. Across its operations, Aquarion strives to act as a responsible steward of the environment and to assist the communities it serves in promoting sustainable practices.
